Liberty Union High School District - Professional Development
Tuesday, July 21, 2009 - 08:30 AM - 02:00 PM

Teacher Website Training

Now that every teacher has his/her own website through our district program, learn how to post assignments, update your classroom calendar, and add features such as blogs and podcasts. Your site can be as simple or as sophisticated as you want. Join us on July 21 to get hands-on instruction on the different features available on your website, as well as time to work on your site to prepare for the start of school. Please bring your syllabus and any other assignments you would like to add to your site., Appropriate for beginners to advance users. Teachers will receive hourly pay and lunch will be on your own.
